Cahier Nature à colorier :

Ici figurent quelques-uns des différents animaux et végétaux apparus pendant le spectacle. Tous vivent dans les zones humides

Tu peux chercher à les reconnaître et, ensuite les colorier, les découper et les coller à l'endroit de la mare où ils habitent (Disponible à la dernière page de ce cahier).

Tu trouveras :

- la nèpe

- la spatule

- le martin pêcheur

- le castor

- le crapaud sonneur à ventre jaune

- le brochet

- le saule têtard

- la carpe

- le triton crêté

- la larve de triton

- le lèpidure

- l'éphémère

- la larve d'éphémère

- la libellule

- la larve de libellule

-la berce du Caucase

- la grue cendrée
